This five-piece country band brings fresh music to the dance floor. Along with familiar songs are new ones that will quickly become favorites. It's music made for listening and dancing—strong vocals with spectacular harmony, a solid rhythm section, and a steel guitar. Unlike true "chute roosters" who position themselves on rodeo chutes and talk about how everything should be done, these five experienced musicians know how to produce high quality music. They adapt the hits of artists as diverse as Billy Currington, Gene Watson, Billy Yates, George Strait, and Prairie Oyster Band. Their songs include "People Are Crazy," "14-Carat Mind," "Blue Wing," "Trick Rider," "Got a Lot Of Leavin' Left To Do," "The Same Thing Happened To Me," and "Hillbilly Highway."
